

General Terms of Delivery of SICK A/S (ALB SICK)

June 30th, 2022

1. Legally Binding Effect

All deliveries and services provided by SICK A/S (hereinafter referred to as "Supplier") are subject to these General Terms of Delivery and to separate contractual agreements, if any. Deviating or additional General Terms and Conditions of the Purchaser shall solely apply to the extent expressly confirmed in writing by the Supplier.

1.1

2. Offer - Conclusion of Contract - Contents of Contract

2.1 Unless expressly marked as binding, offers are non-binding. Binding offers must be accepted by the Purchaser within the date specified in the offer or, if none is specified, within a reasonable time. Verbal or written orders are considered accepted only when a written order confirmation is issued or the ordered goods are delivered within an adequate period of time.

2.2 Documents pertaining and attached to the offer, such as illustrations, drawings, technical specifications, and other documents, are subject to the property right, marketing right, and copyright of the Supplier; the Purchaser is not entitled to grant access to or grant a right to use the aforesaid documents to third parties.

3. Scope of Delivery and Services

The scope of delivery and services is subject to the offer of the Supplier or, respectively, to the Supplier's written order confirmation. Partial deliveries are permitted, if reasonable to the Purchaser.

4. Prices and Payment

4.1 Price lists and other general price information are non-binding and are updated by the Supplier regularly.

4.2 Prices are in DKK and, unless stipulated otherwise, are based on delivery according to DDP (Incoterms 2010) place of delivery within Denmark, plus packaging and transportation as well as applicable VAT.

4.3 Should delivery and/or service be carried out more than five (5) months after the date specified in the order confirmation, the Supplier shall be entitled to adjust prices, provided the list prices and/or material, labor or other costs have changed in the meantime. The offered prices are valid only for the respective individual order. Fixed price agreements must be expressly agreed upon in writing.

4.4 Costs for packaging, transportation and insurances, the latter to the extent expressly requested by the Purchaser, shall be calculated based on the prices effective at the time of the actual accrual and shall be charged separately.

4.5 In case the Supplier is contractually obliged to carry out installation, assembly and/or commissioning, the Purchaser shall bear, in addition to the agreed remuneration for the delivery, the costs for installation, assembly and / or commissioning according to the price list of the Supplier effective at the time of performance as long as nothing to the contrary has been agreed upon.

4.6 Invoices for deliveries shall be paid net within 30 days from the invoice date by direct transfer to the Supplier's bank account.

4.7 Invoices for services shall be paid net without delay by direct transfer to the Supplier's bank account.

4.8 Payments must be made exclusively by wire transfer to the Supplier's account.

4.9 The Purchaser is only entitled to retain payments or to offset counterclaims insofar as such counterclaims are undisputed, or finally determined by a court of law.

5. Dates for Deliveries and Services, Delay, Force Majeure

5.1 The adherence to time periods and dates for deliveries and services shall be subject to the timely provision of all performances to be provided by the Purchaser, in particular, of any documents to be provided, of required permissions and releases - especially of plans - as well as to adherence to the agreed payment terms and to any other obligations of the Purchaser. If these prerequisites are not fulfilled on time, the time periods and dates shall be adequately extended. Dates for deliveries are best estimates only. The Supplier shall not be liable for delays.

5.2 If delivery periods or dates cannot be met due to force majeure or other disruptions beyond the control of the Supplier, for example, serious health hazards such as epidemics or nuclear radiation, war, terrorist attacks, riots, and other similar occurring threats as well as labor disputes, including at the subcontractors of the Supplier, or governmental acts, such as import and export restrictions, embargoes (including sanctions lists) or disruptions of operations, either the deadline for the performance by the Supplier will be extended by the duration of the force majeure event or the Supplier shall have the right to withdraw from the contract in whole or in part without liability for any delay in performance or non-performance of their obligations.

5.3 Upon request of the Supplier or at its own initiative, the Purchaser shall declare within reasonable time, after setting a reasonable period of grace, whether they insist on delivery or wish to rescind the contract due to the Supplier's delay.

6. Installation or Assembly

6.1 To the extent that installation, assembly or commissioning has been agreed upon, the Purchaser shall, at their own expense, provide in due time:

- a.) any supplementary works foreign to the branch of trade such as earthworks, construction works, etc. including the required skilled workers and auxiliary staff, building material and tools;
- b.) the articles and materials required for assembly, installation and commissioning, such as scaffolding, wedges, lubricants, fuels, etc.;
- c.) operating power and water at the place of operation, including the necessary connections, heating and light;
- d.) suitably-sized, dry and lockable rooms for stocking machine parts, equipment, materials, tools, etc. as well as appropriate work and recreation rooms with appropriate sanitary equipment for the Supplier's employees at the installation site; further, the Purchaser shall take the same steps he would take in order to protect his employees and belongings in order to protect the Supplier's employees and belongings at the construction site;
- e.) protective clothing and protective devices necessary due to special circumstances at the installation site.

6.2 Before the start of the work, the Purchaser must provide without request the necessary specifications concerning the location of hidden power, gas, or water pipes, or similar constructions, as well as the required static specifications.

6.3 Before beginning with the installation or assembly, free issue equipment as well as all other items necessary for the performance of the works must be at the site, and any preparatory works must be in such a state that the installation or assembly staff will be able to start their work as agreed after arrival and finish it without interruption. Access to as well as the site itself must be paved, cleared and freely accessible.

6.4 Should the installation, assembly, or commissioning be delayed due to circumstances not attributable to the Supplier, the Purchaser shall be obliged to bear to a reasonable extent the costs arising from waiting periods or for the necessary travels of installation or assembly staff.

6.5 Upon the Supplier's request, the Purchaser shall confirm in writing the working hours of the assembly staff as well as the completion of the installation, assembly or commissioning.

6.6 The Supplier is entitled to demand acceptance of the works after completion. Acceptance will take effect after the Purchaser declares acceptance in writing. The same applies if the Supplier has set a reasonable deadline for acceptance upon completion of the works and the Purchaser has not refused acceptance by reporting at least one major defect by this deadline. Acceptance is also deemed granted if the work has been put into use, if applicable, after an agreed testing period.

7. Passing of Risk

7.1 The risk shall pass to the Purchaser with the selection/provision of the delivery item. To the extent the Supplier has also assumed installation, assembly or commissioning, the risk shall pass to the Purchaser with the delivery of the delivery item at the installation or assembly site.

7.2 Should the dispatch of the delivery item or installation, assembly or commissioning be delayed or omitted due to reasons attributable to the Purchaser, the risk shall pass to the Purchaser at the time when it would have passed to the Purchaser had no delay occurred.

7.3 The Supplier shall, on request and at the expense of the Purchaser, insure the delivery item against theft, breakage, and damage caused by transportation, fire or water or against any other insurable risks.

8. Claims for Defects

For defects regarding quality and title the Supplier - to the exclusion of further claims and subject to sec. 10 - provides warranty as follows:

8.1 Quality Defects:

8.1.1 In case of any quality defects the Purchaser shall notify to the Supplier without undue delay.

8.1.2 Any parts or services which are defective shall, at the Supplier's sole discretion, be remedied by repair or replacement or be re-performed free of charge. The Purchaser shall not be entitled to reject delivery items due to insubstantial defects.

8.1.3 The Purchaser shall grant to the Supplier the required time and occasion to perform the necessary remedy and replacement. Only in urgent cases, where operational safety is at risk or to prevent disproportionately large damage, shall the Purchaser be entitled to remedy defects itself or have them remedied by third parties and to demand reimbursement of the accrued costs, if reasonable, from the Supplier. The Supplier shall be notified in such cases without delay.

8.1.4 If the remedy is not accomplished in an adequate time period, or fails, the Purchaser shall be entitled to withdraw from the contract. If the defect is insubstantial, the Purchaser shall only be entitled to a reduction in price. In any other case, the right to a reduction in price shall be excluded.

8.1.5 Of the costs caused by the remedy or replacement, the Supplier shall - provided the complaint is legitimate - bear the costs of the replacement part including shipment. Furthermore, the Supplier shall bear the costs of providing the necessary assemblers and helpers, if any, including travel costs, unless this would impose a disproportionate burden on the Supplier.

8.1.6 Quality defects are excluded in the following cases: Inappropriate or improper use, incorrect assembly and/or commissioning by the Purchaser or third parties, wear and tear, incorrect or negligent treatment,

General Terms of Delivery of SICK A/S (ALB SICK)

June 30th, 2022

improper maintenance, use of unsuitable equipment, electrochemical or electrical influences - unless caused by the Supplier.

8.1.7 If the Purchaser or any third party remedies a defect improperly, the Supplier shall not be liable for the resulting consequences. The same applies to any changes made to the delivery item without prior approval by the Supplier.

8.1.8 In addition to this sec. 8.1, sec. 10 shall apply to claims for damages. Any further claims against the Supplier due to quality defects shall be excluded.

8.2 Defects of title:

8.2.1 If the use of the delivery item causes an infringement of national intellectual property rights or copyrights, the Supplier shall, at their own cost, in principle provide the Purchaser with the right to use the delivery item, or modify the delivery item in a way not unreasonable for the Purchaser as to avoid any further infringement of intellectual property rights.

8.2.2 If this cannot be achieved using economically feasible efforts or within reasonable time, then the Purchaser shall be entitled to withdraw from contract. Subject to the aforementioned prerequisites, the Supplier shall also be entitled to withdraw from the contract.

8.2.3 Furthermore, the Supplier shall indemnify the Purchaser from undisputed or legally binding claims arising from the infringement of intellectual property rights.

8.2.4 The aforementioned obligations of the Supplier shall only apply if:

- a.) the Purchaser notifies the Supplier in writing about the claims asserted by third parties without delay;
- b.) the Purchaser does not admit an infringement and the defense remains entirely reserved to the Supplier;
- c.) the infringement of intellectual property rights is not attributable to the Purchaser,
- d.) the infringement was not caused due to particular specifications provided by the Purchaser or by an application unforeseeable for the Supplier, and
- e.) the infringement does not result from a modification of the delivery item by the Purchaser or from the use of the delivery item in combination with a product not delivered or not specifically released for such combination by the Supplier.

8.2.5 In case of other defects of title the provisions stipulated under sec. 8.1 shall apply accordingly.

8.2.6 In addition to this sec. 8.2, sec. 10 shall apply to claims for damages. Any further claims against the Supplier due to defects of title shall be excluded.

8.2.7 The warranty period shall be 24 months from delivery or, if an acceptance is legally required, from acceptance.

9. Exclusion of Guarantees

9.1 Specifications in catalogues, product descriptions, data sheets, quotations, drawings or any other documents regarding the measure, quantity, color, application, technical data and other features, in particular regarding availability, reading rates, measuring accuracy, etc. refer to the warranted properties of a delivery item, yet do not - unless expressly otherwise provided for - constitute guarantees.

9.2 In case of non-compliance with warranted properties, the Purchaser shall be entitled to assert the rights stipulated under sections 8 and 10 against the Supplier.

10. Damages

10.1 The Supplier shall be liable for damages - regardless of the legal cause - solely:

- a.) in the event of intent,
- b.) in the event of gross negligence;
- c.) in the event of injury to life, body and health;
- d.) in the event that Supplier has fraudulently concealed a defect,
- e.) insofar as the Supplier has given an explicit guarantee; as well as
- f.) insofar as the Supplier is liable pursuant to the Product Liability Act

10.2 Insofar as the Supplier's liability is excluded, this shall also apply to the personal liability of the Supplier's company bodies, employees, representatives and vicarious agents and to the liability of subsidiaries, subcontractors and licensors.

11. Retention of Title

11.1 Title to the delivered goods shall remain with the Supplier until the Purchaser has paid for the goods in full.

11.2 The assertion of title (actio in rem) shall not constitute a withdrawal from the contract. The Purchaser shall inform the Supplier of any enforcement measures by third parties against the reserved goods without delay and provide the Supplier with the documentation required for an intervention - the same shall apply to any other sort of interference. Irrespective hereof, the Purchaser shall be obliged to inform third parties of the existing rights to the goods in advance. The Purchaser shall bear the costs of an intervention if the third party is not able to reimburse them.

11.3 In case of a resale of the reserved goods, the Purchaser herewith assigns to the Supplier all claims against the Purchaser's customer resulting from such resale as security until all of the Supplier's claims have been satisfied.

11.4 The Supplier may require the Purchaser to provide adequate security, for instance an irrevocable on-demand bank guarantees, for payments if the Supplier considers this relevant.

12. Rights to Use the Software

The Supplier shall grant to the Purchaser a non-exclusive, not sub-licensable right to use the supplied software and documentation. This right of use shall be unlimited in time and transferrable only in combination with the contract product. This right of use shall apply only to the contractual use. Unless permitted by mandatory law, the Purchaser is not entitled to modify, reverse engineer, translate the software or separate any parts thereof. Insofar as the software provided to the Purchaser is subject to third-party rights, the Supplier will not grant to the Purchaser any rights of use exceeding those granted to the Supplier by the third party.

13. Export

The Purchaser undertakes to comply with all applicable export control and foreign trade regulations of the respective national laws and of the laws of the Federal Republic of Germany, the European Union, and the United States of America. All business transactions are made subject to the reservation that each business transaction, in terms of its content and the natural persons and entities directly or indirectly involved, must be permitted by all of the aforementioned regulations. The Purchaser shall, upon the request of the Supplier, provide immediately to the Supplier all documents deemed by the Supplier to be useful or necessary for obtaining export licenses from authorities or for the export control checks of the Supplier. This includes but is not limited to information about the end user, the final destination and the intended use. The Purchaser should refrain from making binding delivery promises in business transactions that are subject to licensing. Furthermore, the Purchaser undertakes to comply with the internal export control policy of the Supplier. In particular, the Purchaser agrees not to supply, offer for sale or sell for use in weapons and/or weapons systems any goods of the Supplier (items, software and technology) or goods made available by the Supplier. If the Purchaser violates any of the obligations in this section and/or if a business transaction is prohibited in whole or in part, the Supplier may withdraw from the contract or may terminate the contract for good cause without observing the statutory period of notice. Where business transactions require official export licenses, the Supplier may also defer performance until all required export licenses have been obtained. In all such cases the Supplier shall not be liable for any claims for damages arising out of delayed performance or non-performance. Claims of the Supplier arising out of violations of obligations by the Purchaser remain unaffected.

14. Adjustment, Withdrawal

14.1 If and when unforeseeable events pursuant to sec. 5.2 modify the economic objective or the content of the delivery substantially or have a substantial impact on the operations of the Supplier, the contract shall be adjusted accordingly in good faith, subject to the provision stipulated under sec. 5.2. In the event that such adjustment is not economically reasonable, the Supplier shall be entitled to withdraw from the contract.

14.2 The Supplier shall be entitled to withhold deliveries or services or to withdraw from the contract if the Supplier obtains knowledge of any circumstances whereby the Purchaser might become insolvent or, be unable or unwilling to duly fulfill their payment obligations when they become payable due to other reasons.

15. Statute of Limitation

All claims of the Purchaser - regardless of the legal cause - shall become time-barred upon the expiration of 24 months. The limitation period also applies to claims in tort based on a product defect. The limitation period of 24 months does not apply to the Supplier's unlimited liability for damage caused by breach of guarantee or violation of life, body or health, intent, gross negligence or product defects or insofar as the Supplier has assumed a procurement risk.

16. Place of Jurisdiction, Applicable Law

16.1 The sole place of jurisdiction for any litigation directly or indirectly arising from this contract shall be the Supplier's place of business. However, the Supplier shall also be entitled to bring actions before a court seated at the Purchaser's place of business. Arbitration clauses shall be rejected.

16.2 All legal relations in connection with this contract shall be governed by Danish law. The application of the UN Convention on Contracts for the International Sale of Goods (CISG) shall be excluded.

17. Severability

Should any of the provisions of this contract be or become invalid, void or unenforceable, the validity of the remaining provisions shall remain unaffected thereby. In such case the invalid, void or unenforceable provision shall be interpreted or substituted in such a way as to achieve the intended economic objective of the invalid or void provision. This shall not apply if adherence to the contract constitutes an unreasonable hardship for either contract party.
