SENSOR INTEGRATION GATEWAY

Ordering information

Type	Part no.
SIG200-0A041220S01	1100615

Special variant of the <a href=https://www.sick.com/1089794 target="_blank">SIG200-0A0412200. Only available as a component of the <a href=https://www.sick.com/1100608 target="_blank"> SIG200-0A041220P01 starter kit.

Technical specifications

Note	For this special variant of the SIG200-0A0412200, the IODDs of the sensors contained in the IO-Link master starter kit are pre-installed. The device can therefore be configured direct-ly after commissioning. The hardware of this special variant is identical to the <a href=https://www.sick.com/1089794 target="_blank">SIG200-0A0412200. Other device-specific in-

formation can be found in the included documentation or on the product page. You reach the product page by clicking on the above product link.

SICK AT A GLANCE

SICK is one of the leading manufacturers of intelligent sensors and sensor solutions for industrial applications. A unique range of products and services creates the perfect basis for controlling processes securely and efficiently, protecting individuals from accidents and preventing damage to the environment.

We have extensive experience in a wide range of industries and understand their processes and requirements. With intelligent sensors, we can deliver exactly what our customers need. In application centers in Europe, Asia and North America, system solutions are tested and optimized in accordance with customer specifications. All this makes us a reliable supplier and development partner.

Comprehensive services complete our offering: SICK LifeTime Services provide support throughout the machine life cycle and ensure safety and productivity.

For us, that is "Sensor Intelligence."
